

From Mas de Barberans' Town Hall, continuing the work begun around the world of vegetal fibers, we have scheduled activities that we hope will be of interest to you.

This year we will be holding the Meeting of Craftsmen of Mediterranean Vegetal Fibers. The event will be held during the 3rd, 4th, 5th and 6th of August, coinciding on 5th and 6th August with the 15th craft fair of vegetal fibers. This year we are going to build a contemporary structure in the village, using traditional techniques and fibers from the area: cane, olive tree, boxwood, ...

The basketmakers who will build this structure are: Carles Alcoy, Joan Farré, Mònica Guilera, Jan Johansen, Tim Johnson, Josep Mercader and Klaus Titze.

The town hall offers communal accommodation to all the craftsmen and craftswomen. This place has got showers and kitchen for cooking. Moreover, the artist will have the opportunity to take part in the following program we show you right now.

Craftsmen should have their Craftsmen license. During the craft fair, there will be craftsmen's demonstrations so that their basketry skills can be enjoyed. Only eligible to be admitted are the craftsmen and craftswomen who will make public demonstrations of their crafts and who bring their own products; since in this craft fair, resale is prohibited.

The organization wants to offer a wide range of fibers and techniques so each craftsman and craftswoman should have a very different stall in the exhibition.

This year we continue with the Contest "Get light by fiber". This contest is about to decorate and lit the stand with vegetable fiber woven or non-woven. The prize will be 150 euros to spend on products from the craft fair.

With regard to travelling and demonstrational expenses , the Town Hall is set to pay amounts in 300 Euros (not including VAT or retention) to craftsmen and craftswomen who make their bills out with the concept of demonstration craft (demostración artesanal). All invoices must have the following information:

Ayuntamiento de Mas de Barberans (Mas de Barberans' Town Hall)

Av Joan Celma, s/n - 43514 Barberans

CIP: P-4307800-E

Concept of the bill: Fees for craft demonstration... In the fiber that you work with

Number of crafts license or professional craft: Quantity in 300 Euros (VAT OR RETENTION NOT INCLUDED)

You must put the account number to have the deposit made.
